SEPTEMBER	1	7	6
OCTOBER	5	7	4
NOVEMBER	4	5	1
DECEMBER	4	6	0
TOTALS	37	86	31

Notes of Interest from the Town Clerks Office

LAND RECORDS- There were 1,099 documents recorded in 2010 totalling 3,081 pages and filling five land record volumes. This was a 640 page decrease from 2009 recordings.

DOGS- 496 dogs were licensed by the April 1 due date. Our usual May reminder letter resulted in an additional 225 licenses being issued, for a total of 721 licensed dogs. For the fifth year in a row, this total is down. Not only is licensing your dog the law, a licensed dog stands a much better chance of being returned to its guardian should the dog wander off.

PRESERVATION OF RECORDS- A source for record microfilming continues to be sought. The State has increased the amount of money a town charges per page of recording to be used for records preservation to \$4 per page. The Town set aside \$10,661 of the money collected in 2010 to be used for future preservation projects, possibly the digitalization of the land records.
